

BRITO

Heavy duty alkaline truck wash for the toughest soils. Highly dilutable, rinses easily.

SPECIFICATIONS

- Appearance: Clear liquid
- Odor: Characteristic
- Density (lbs/gal): 9.31
- pH (Conc.): 13.3
- Chelation Value: 16.0
- USDA rating: A-1
- Stability: Stable
- Freeze/thaw stability: OK 3 cycles
- Shelf life: 1 year minimum

DIRECTIONS

- Read all directions and cautions prior to beginning work.
- Clean only cool vehicles; hot vehicles may streak.
- Set dilution control on pressure washer or manually dilute Brito up to 100:1 or blend 50/50 to make two drums of concentrate to use up 50:1.
- Divide vehicle into workable sections.
- Apply cleaning solution from the bottom up.
- Allow to work for a few minutes. DO NOT ALLOW TO DRY.
- Adjust pressure washer to deliver water only.
- Apply high-pressure water to clean vehicle from bottom up.
- Rinse vehicle thoroughly from the top down. Overlap cleaning areas to prevent missed areas.
- Repeat for entire vehicle.

TARGET SURFACES

- Automobiles
- Trailers

*Available in sizes:
2.5 and 55 gallon containers.*

PROFESSIONAL RECOMMENDATIONS

- Avoid cleaning hot vehicles. Cleaning solutions tend to dry fast and leave streaky residues.
- Park vehicle in shade if possible to cool before cleaning

FEATURES AND BENEFITS

- Powerful alkaline formula works fast
- Cleans road film, diesel exhaust and grime
- Water conditioners make rinsing easy, help prevent spotting
- Neutralizes Acid Aluminum Brighteners

TARGET SOILS

- Road Film
- Diesel Exhaust
- Road Grime

EQUIPMENT LIST

- Foam equipment
- Pressure washer
- Vehicle brush
